Stephen Few (www.perceptualledge.com) is on a mission to help organizations squeeze real value from the mounds of data that surround and threaten to bury them. He teaches simple, clear, and practical data visualization techniques for exploring, analyzing, and presenting quantitative information. He speaks, teaches, and consults internationally, writes the quarterly Visual Business Intelligence Newsletter, besides being the author of three books about visualization.

John Grimwade (johngrimwade.com) and has produced infographics for many magazines, books and corporate clients. He began his career in newspapers, and was in charge of graphics at The Times (London) for six years. He is an instructor at the annual Malofiej Show Don’t Tell workshop at the University of Navarra, and teaches infographics to undergraduates at the School of Visual Arts in Manhattan.
